Your Gone Away

"I'm so sorry"

"It's too late"

"I'm really so Sorry, Will-"

And there he is gone.

Disappeared in the rain.

He screwed it up.. like that?

How can he be so stupid and indirectly (even directly) call Will gay.

But wasn't he, right?

NOT THE RIGHT TIME MICHAEL

He was so fucking obsessed with El that he even ignored his best friend

Crush

completely.

He was so fucking stupid that he hadn't even noticed how super happy and cute Will looked with the wizard costume.

I am so stupid

I screwed it up

It will NEVER be the same again
